MESSAGE FROM THE SCHOOL PRINCIPAL

Dear Parents/Guardians and Students:

Assalamu Alikum wa Rahmatullahi wa Barakatuhu,

We believe successful education of a child cannot solely be the responsibility of the school; rather it necessitates a joint venture between the parents and the school. Active participation and support on the part of parents are needed. Inspiration, dedication and leadership on the part of the teachers and administration are expected. It is essential that parents and teachers play a co-operative role in this education process, including respectful acceptance of the policies that have been adopted by the school.

Iqra Islamic School bus service is subsidized by

Day-to-day experiences have warranted the adoption of various policies and procedures both for the safety and well being of the students in order to better serve and maintain academic standards at the **IQRA ISLAMIC SCHOOL**. The school implements a policy or rule in response to a demonstrated need and it is important for all to recognize the importance of these policies.

A parent's showing of disregard for either the policies of the school or its STAFF, even when unintentional, will also be reflected in their children's attitude. Thus, it is necessary for parents to instil the importance of respecting and obeying all of the school's rules, which will make our students superior to students of other schools.

We are looking forward to seeing each of you this year.

Wassalamu alikum.

Principal
